UB SMART SELECT™

Advanced Third-Party Technical Screening & Digital Crew Readiness Framework

UB SMART SELECT™ is a future-ready, independent, and digitally enabled technical screening framework designed to support RPSL-licensed manning offices and ship owners by delivering ready-to-deploy, professionally screened seafarers without recruitment delays or operational disruptions.

Why UB SMART SELECT™

The maritime industry today faces increasing pressure on crew quality, compliance, and speed of deployment. UB SMART SELECT™ addresses these challenges through a standardized, audit-ready, third-party screening model that strengthens RPSL operations rather than replacing them.

End-to-End Screening Framework

- Seafarer readiness enrolment
- Certificate & medical validity verification
- Rank and vessel-specific technical assessments
- Virtual technical interviews by marine professionals
- Psychology & safety culture evaluation
- Consolidated digital crew readiness dossier

Benefits to RPSL Companies

- Reduced internal screening workload
- Faster response to owner requirements
- Improved owner acceptance ratio

Independent Third-Party Technical Screening Partner for RPSL Owners.

Digital & Futuristic Shipping Enablement

UB SMART SELECT™ leverages digital tools, AI-assisted interviews, and data-driven readiness indices to support the evolving needs of smart, efficient, and future-ready shipping operations.

Neutrality & Compliance Assurance

UB Services acts strictly as an independent third-party technical screening partner. UB does not recruit, employ, deploy, or place seafarers. All recruitment, employment, and statutory responsibilities remain fully with the RPSL partner.

Pilot & Partnership Approach

UB SMART SELECT™ is offered through a low-risk pilot engagement for one vessel or owner requirement, allowing stakeholders to evaluate value before scaling to fleet-wide implementation.
